

## Welcome to our Online Patient Portal

At Partners in Pediatrics, we want to utilize technology to improve communication between our providers and their patients. Our patient portal offers you convenient, anytime access to your provider. Our online patient portal is the place you can go to access your information such as your health records, lab results, and communicate with your doctor, you are helping us to expand and improve your health care experience!

The following are the steps you need to gain access to the patient portal.

### Step 1: Register for access

- At check out, you will be given your personal login information which includes your **username, temporary password and pass code.**

### Step 2: Accessing the Patient Portal

- Access the Internet and go to our website at [www.mykidsdr.com](http://www.mykidsdr.com).
- Click on the Patient Portal tab which will take you to the page where the portal link is located.

- Click on the "Patient Portal" link which takes you to the patient portal log in screen.

You may have access to our online Patient Portal for all your health information. Our office must give you unique login information before you may access your account online. You will be required to sign a Patient Portal Release form, see below, to allow access to your account. If you have more than one patient in our office then you will need separate logins and releases for each patient. If you do not have a login, please call the office during normal business hours for patient portal instructions and to request a login. You may print and complete the patient portal release below and mail or send by fax to 334-272-4876. Please follow up with a phone call to complete your request.

#### Typical Information Available Online

- Request Appointments and Refills
- Request Referrals
- View Visit Summaries
- View Immunizations and Request Blue slips
- View Lab Results
- View Patient Demographics

Click on the link below or paste it in your web browser to access our online patient portal. If you have trouble with the link, feel free to call our office for additional help.
